One of the best directions to follow for success in society is this: "Talk to the young ladies, and listen when the old ones talk to you."

A missing man was lately advertised for, and described as having a Roman nose. He won't be found. Such a nose as that will never turn up. Some men go about the world with their hands in their pockets. That is better, though, than if they went about with their hands in other people's pock-0

BEECHER-TILTON.

NENRY WARD COMES TO THE DEFENCE OF HIS FRIEND.

New York, June 3.—It is said that Heary Ward Beecher has been so much annoyed at the sharp criticisms in some of annoyed at the sharp criticisms in some of the daily journals on the action of Theodore Tilton as a witness to the famous retraction of Bowen's charges that he has resolved to come to the daily defence. After consulting with several friends, he prepared a statement exon-erating Tilton from all blame in connec-tion with the terrible scandal with which his name is associated. Mr. Beeecher wrote a statement this morning. The satement refers to Tilton's action as that of a friend who desired to reunite Bowen and Beecher. Mr. Claffin was, it is said, instrumental in bringing about the retraction, which bears the signatures of Beecher, Bowen and Tilton. The retraction, it is said, was drawn up by Samuel tion, it is said, was drawn up by Samuel Wilkenson, the business partner of Mr. Beecher, and after it was signed the docu-Wilkenson, however, had made a copy and gave it to the Press last week New York, June 2.—The following card was published to-day: G.C.ALEXANDER

To the Editor of the Brooklyn Eagle: DEAR SIR: I have maintained silence respecting the slanders which have for some time past followed me. I should not speak now, only for the sake of re-lieving another of an unjust imputation. The document recently published was published without consultation either with me or Mr. Tilton, and with no anthorization from us. If that document should lead the public to regard Mr. Titton as the auther of the calumnies to which it alludes, it will do him great injustice. I am unwilling that he should even seem to be responsible for the injurious statements whose force was derived wholly from

HENRY WARD BEECHER. TO OUR LAFAYETTE COUNTY SUB-SCRIBERS.

The new postal regulations, which go into effect July 1st, require that postage be paid in advance on papers published in the county where the subscriber lives, as well as upon all printed matter coming from elsewhere. From and after that date, therefore, postage will be prepaid by us, without additional cost to the subscriber, but only in cases where payment for the Caucasian has been made in advance. All others must pay in advance at ther own post-offices. No publishers can be expected to bear such a burden as the one imposed by the last Congress, without the prompt assistance of their supporters. We, therefore, urge our host of friends, whose generous patronage we would be pleased to retain permanently, not to forget the burden aid upon us and to act accordingly. It they neglect to prepay us, -no matter how "good" we may regard them for the price of the paper,-they must not feel offended, when they have to prepay postage at their end of the line. A little timely attention to this matter may promote the

interests of publishers and readers. Postage will, of course, be prepaid by us for all subscribers whose prepaid subscriptions are unexpired.

This Cut Illustrates the manner of Using
DR. PIERCE'S DR. PIERCE'S Fountain Nasal Injector,

DR SACE'S CATARRH REMEDY

It is the only form of instrument yet invented with which finid medicine can be carried high up and perfectly applied to all parts of the affected manifeld passages, and the chambers or cavities communicating therewith, in which sores and ulcors frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cares is entirely overcome by the invention of the Douche. It using this instrument, the Finil is carried by its own weight, (no snubag, forcing expanying being required,) up one nostril in a full gently flowing stream to the highest portion of the masal passages, passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out of the opposite nostril. Itsue is pleasant, and so simple that a child can understand it. Full and explicit directions accompany each instrument. When used with this instrument, Dr. Sage's Catarrh Remedy cures recent attacks of "Cold in the Head" by a few applications. DR SACE'S CATARRH REMEDY
